Ventilator

Single-level Sleep Ventilator

- CSA detection
- Pressure auto adjusting
- Smart C/A/B feature
- PM2.5 filtration
- Preheating
- Auto Ramp
- Intelligent temperature and humidity control, auto humidifier, auto heated tubing
- One button start and stop

Bi-level Non-invasive Ventilator

- 5 Respiratory Modes
- Automatic O2 concentration control technology
- Intelligent temperature and humidity control system
- Up to 70L/min high flow output

Non-invasive Ventilator

- Five-year warranty
- CPAP mode, Flexline mode and auto CPAP automatic voltage regulation mode
- High-performance motor, 26db ultra-low quiet design
- Adjustable in three gears, 6cmH2O differential pressure
- PM2.5 filter

Non-invasive Ventilator

- 5 Respiratory modes
- AST technology
- COMF (pressure release technology)
- Intelligent electromagnetic valve technology
- VAT technology

Infrared Thermometer

Medical Infrared Ear Thermometer

- Quick temperature measurement
- Sound reminder
- Imported infrared probe
- LED display

Medical Infrared Thermometer

- Temperature memory
- ABS material
- Easy to use

Medical Infrared Thermometer

Medical Protection Materials

Disposable Medical Mask
Disposable Surgical Mask

Disposable Medical Mask
Medical Protective Mask
KN95/KN90(N95/N90)

Medical Disposable Protection Clothing

COVID-19 Test Kit

Antibody IgG/IgM COVID-19 Rapid Test Kit

Real Time PCR Combo Kit
